

Business Career Exploration

You will be placed into groups and assigned one of the following Business Career Clusters (Groups of careers that fall under a particular group)

If you are absent you will need to complete this assignment independently- you may choose one of the clusters from below

- Business and Finance
- Management
- Office and Administration Support
- Sales
- Computer and Information Technology
- Marketing

Within your given cluster you are to pick one occupation to explore.

Create a Keynote and include the following information for the occupation: you should answer the questions below.

1 pt. Title of the occupation

10 pts. What does an average day look like in this occupation? Consider including the working environment, duties, equipment, number of hours typically worked, etc...

4 pts. What education and experience is required?

4 pts. What leadership qualities must you possess? Pick 2 and give an explanation as to why you chose them. See link for a detailed list: <https://www.entrepreneur.com/article/270486>

2 pt. What is the median pay per year?

5 pts. Could you see yourself in this position? Why or why not? All members of the group should answer

2 pts. Find a job opening in this field on a job listing website such as www.monsterjobs.com State what site you found the opening and copy and paste the listing

2 pts. Add at least 2 images depicting what the work environment looks like, samples of work, etc...

30 points possible
