Dear Hiring Manager:

I am interested in working for your successful corporation. I will be an excited sales associate because I have experience with your merchandise, and I personally adore it! I am a perfect match for this job.

I am very fashion forward. I have 8 years experience with math and maintain a 3.8 G.P.A. I have a reputation of being talkative and bright even on my worst days. I have reliable transportation, and a very flexible schedule that can be altered as needed to fit your needs.

I will anxiously be waiting for a phone call and/or e-mail regarding my request of a position as a cashier/clerk at your facility. I am a hardworking determined person who would use my strong work ethic to maintain excellent customer service . I will be following up with you in the next seven days.

Sincerely,

Betsy Business
