Dear Mr. Smith,

I am interested in an opportunity to volunteer at the Cherry Hills Assisted Living Home. I have experience working with the elderly and would like to continue to do so in a volunteer capacity.

I volunteered as a nurses aide at a convalescent home in Northern California, and enjoyed being able to help the elderly by offering manicures and hair-dos.

For the past several years I have worked with teens and children; however, I would be honored to have the opportunity to work with elderly people again.

If the Cherry Hills Assisted Living Home needs any volunteers, I would be thrilled to have the opportunity to assist. My schedule is flexible and I am available evenings and weekends.

Please call or email me if you have any opportunities available.

Sincerely,

Trisha Aspengren
